

Restoration Request Form

Thank you for choosing Vintage Kitchen. We'll do our best to bring your cast iron back to life. Please be aware that while we're great at cleaning up cast iron that has been neglected, there are certain types of damage that we cannot repair. **We do not repair cracks, pits, or warps.** Restoration cost depends on the type of pan and the condition it's in. If you want an estimate BEFORE we begin the process, check here: _____. If you want to ask questions before sending your pans away, please contact us using the information at the bottom of the sheet.

Name:

Date:

Email:

Phone number:

Number of items to be restored:

Description of pieces to be restored: *PLEASE USE BACK OF SHEET IF EXTRA SPACE IS NEEDED.* Please list all pieces and include the size and type of each. Include the maker (if known) and any other markings or identifying characteristics of the piece. Check the handle, front, and back for markings and be as exact as possible in your description.)

We work hard to ensure that your cast iron comes back to you looking great and ready for action. Please be aware, though, that excessive carbon buildup and rust can hide flaws and damage. Vintage Kitchen is not responsible for any damage or flaws revealed by the restoration process. If you have questions about any aspect of the process, please contact us before dropping your pieces off.

I have read and understood the instructions and disclaimers above, and I wish to submit my cast iron for a restoration estimate.
